DOYLE ANNOUNCES CAMPS FOR KIDS DURING WINTER BREAK

Monroe County Executive Jack Doyle today announced that children (ages six to 10) are invited to attend the County Parks Department's February Break Fun Camps.

"At these Fun Camps, kids can play in our County parks and have a good time in a safe and educational environment," said Doyle. "School breaks can be a challenge for working parents and these camps offer a great venue for supervised fun.

The County will be hosting day camps at two locations in order to help provide recreational activities for children during the winter school break and give them an opportunity to have fun outdoors. The camps will be held on Tuesday, February 19 at Black Creek Park's Woodside Lodge and on Thursday, February 21 at Mendon Ponds Park's East Lodge.

Supervised indoor and outdoor activities include games, crafts, a nature hike, a movie, sledding, and more. Children should dress appropriately for the weather and bring a sled.

The \$12.00 fee per child includes a pizza lunch, drinks and a snack. To register, call 256-4967.
